Shoenique

The Village Store

Hampden

Discount
Liquors

Next to Starbucks & CVS

Across from Lewis & Clark

Next to Dunkin Donuts

Longmeadow

Wilbraham

Hampden

7 Days! Early Mornings! Late Nights!

GoGeeks recently launched an exciting new venture -- **The Depot Partner Program** -- so clients can now drop off PC's evenings and weekends, at a variety of locations in surrounding towns. According to GoGeeks President Stan Prager: "This concept was born out of the need to make it easier for clients with busy schedules to drop off their computers to us." Select local businesses -- including **The Village Store & Café** in Wilbraham, Longmeadow's **Shoenique**, & **Hampden Discount Liquors** -- have partnered with GoGeeks to serve as convenient PC drop off centers. Computers dropped off are then picked up by GoGeeks within 24 hours. "Clients can now drop off computers seven days a week, mornings & evenings," Prager points out. "And we routinely send new customers to our depot center partners!" Of course, you can also visit our East Longmeadow location during standard business hours -- or take advantage of housecall service at no additional charge in our local area.
