Paths of Creation

**Custom Computer
Design & Manufacturing**

Paths of Creation

brought to you by **GoGeeks**

Everyone deserves to have a computer designed specifically for their needs that is fast and dependable. That is what "Paths of Creation" is all about. After a free consultation, we'll design and manufacture your unique computer at our new East Longmeadow facility, add the peripherals and software that you select, then deliver & install it in your home or office. Let us walk with you on your path for a little while and discover what you require to maximize your computing experience.

Value & Satisfaction!

Let Us Design & Build Your New Computer

- Call East Longmeadow Not East Asia!
Local warranty: one year parts & labor.
- We transfer your documents, pictures & music from your old computer – for free!
- We include **FREE** delivery & installation!
(residential only; businesses discounted)
- We manufacture only quality computers using the finest premium components!
- We use Windows XP Professional – not the newer & problematic Windows Vista!
- Standard parts – not proprietary – Can be serviced or upgraded by any vendor!
- We include a security suite with anti-virus & firewall installed at no extra charge!
- We scrub your data & recycle your old PC upon request – at no extra charge!
- We build the computer you want to suit your needs & install it in your home!
